AANA Journal
Volume 43
1975 Index of Subjects and Authors

A

Abstracts, 66, 178, 308, 407, 507, 630

Acid aspiration, reducing the risk during cesarean section (abstract), 69

Acupuncture, effects on delaying the terminating response (abstract), 510; evaluation of in obstetrics (abstract), 181

American Association of Nurse Anesthetists: ad hoc advisory committee on education and accreditation, 7; call to convention, 338; changing structure of the AANA, 347; council on accreditation, 6, 551; council on certification, 551; council on practice, 7, 551; granted continued recognition as the accrediting agency for schools/programs of nurse anesthesia by HEW, 224; hearings on petition for continued recognition as the accrediting agency for schools and programs, 103; history of AANA accreditation program, 4; list of approved schools of nurse anesthesia, 639; new era of nurse anesthetist involvement in legislation unfolds, 458; officers, 2, 102, 222, 346, 446, 550; post office, statement of ownership, 671; report of anesthesiology seminar of American Medical Society of Vienna for CRNA's, 76; schools on public probation, 338, 542, 671; survey of nurse anesthetists, 1975, 586

Analgesia, acupuncture in obstetrics (abstract), 181

Anesthesia, effects of morphine–nitrous oxide on cerebral autoregulation (abstract), 309; halothane and morphine in cardiac surgery (abstract), 633; lasers and, 464; methoxyflurane in pediatric patients (abstract), 308; morphine in pediatrics, 364; morphine and halothane in cardiac surgery (abstract), 633; neurosurgery, 475; pharmacologic evaluation of, 375; services–market for, 571; sickling dynamics of red blood cells during (abstract), 630; techniques of vascular control during (abstract), 631

Anesthesiologist-nurse anesthetist, relationship, 129

Atelectasis, postoperative, 479

B

Baker, Patrick J.: *Postoperative Atelectasis*, 479

Bakutis, Alice R: *Assessing the Anesthesia Patient*, 255

Banks, Anna: *A Review of Transfusion Complications*, 389

Bethune, Frank H.: *An Anesthetic Consideration for Cesarean Section*, 55

Blood substitutes (abstract), 178

Blood transfusion, indications for (abstract), 179

Book Reviews: Acupuncture for Physicians, 59; Clinical Application of Respiratory Care, 626; Drugs in Current Use and New Drugs, 1975, 302; Economics of Health and Medical Care, 626; Medical Aspects of Drug Abuse, 503; The National Labor Relations Act: A Guidebook for Health Care Facility Administrators, 302; Nurse Anesthetists Continuing Education Review, 403; Nursing and the Law, 403; Ophthalmic Nursing, 503; Rapid Interpretation of EKG's, 173; Techniques of Anaesthesia, 173; Understanding Anesthesia Equipment, 59

Bullard, W. Gale: *Anesthetic Considerations With Pheochromocytoma*, 283

C

Calendar of Events, 80, 211, 335, 432, 535, 666

Cardiac Surgery, postoperative respiratory effects of morphine and halothane in (abstract), 633

Cardiovascular effect, with pancuronium bromide, 278

Cardiovascular surgery, narcotic anesthesia for, 30

Case Report, 164, 297, 298, 398, 617

Cataract extraction, combination of innovar and sodium thiopental in, 297

Cerebral autoregulation, effects of morphine–nitrous oxide on (abstract), 309

Cerebral hypothermia, 470

Cesarean section, anesthetic consideration for, 55

Children, see pediatrics

Classified Advertising, 84, 184, 312, 431, 534, 665

Coate, Robert A.: *Utilizing Local Spray Intubation,* 150

Coronary-artery surgery, ventricular performance and pulmonary circulation following addition of nitrous oxide to morphine during (abstract), 507

Curricula, types of, 606

Health Information Services, Inc.: *Survey of Nurse Anesthetists, 1975,* 586

Herger, Paul C.: *A Case Study: Anesthetic Considerations for Pulmonary Lavage,* 398

Hyperpyrexia, successful intervention of malignant syndrome, 155

Hypothermia, preferential cerebral, 470

Hypoxia, potential hazard when using low gas flows, 162

I

Increased respiratory resistance, effects of ketamine and halothane on (abstract), 407

Induction agents, clinical studies of (abstract), 310; comparative study with thiopentone and methohexitone (abstract), 310; recovery from althesin (abstract), 310

Infant, see pediatrics

Information for Authors, 79, 195, 319, 419, 521, 653

Innovar, combination with sodium thiopental in cataract extraction, 297

Insurance Report, 75, 183, 513, 636

Intestinal obstruction, preoperative evaluation of a patient with, 496

Intubation, utilizing local spray, 150

Iso-Flurane, see Forane
